

San Gabriel Valley *Orchid* Hobbyists

Bulletin

January Meeting
Thursday, January 19, 2017
7:00 PM – Ribbon Judging
7:30 PM – General Meeting

Our regular meetings are held on the 3rd Thursday of the month at
Los Angeles County Arboretum & Botanic Garden,
Lecture Hall, 301 North Baldwin Avenue, Arcadia

Speaker: Winn MinMaw *Orchids of Burma*

Winn was born in ShanState, easternBurma, where Cymbidium lowianum, Vanda coerulea and Paphiopedilum charlesworthii are found abundantly in the wild. The first orchid that Winn collected from the forest floor was a dendrobium species when he was 7 years old. With this he began taking care of orchids in his family's garden. As an undergraduate studying physics at the University of Rangoon, Winn was a member of the Department of Botany's orchid society. Later he lived in Japan for four years for further study and training.

In 1988, he moved to the United States and settled in Orange County. Eventually he began collecting and growing orchids here, and today he has a large orchid collection, many of which are vandaceous orchids, that he grows in a shade house and greenhouse. He has been a member of the Newport Harbor Orchid Society since 1995. Recently Winn has made several trips back to Burma and has explored orchids in nature. He shares his orchid experiences by giving presentation to orchid societies.

February Speaker

Fred Clarke will be our guest speaker for February and Sunset Valley Orchids will supply the plant table.

This fee will cover the cost of postage, paper, and printing.

March 17-19, 2017 Santa Barbara Intl Orchid Show

(www.SBORchidShow.com)
returns to Earl Warren
Showgrounds in beautiful

Santa Barbara, California. Thousands of blooms in every imaginable shape, color, pattern and texture, will be showcased at the show, one of the country's largest and oldest celebrations of orchids.

The 72nd annual Santa Barbara International Orchid Show's theme, "Orchid Mystique," pays homage to a family of flowering plants that boast 25,000 species, among which beauty is ubiquitous and uniqueness is commonplace. Some are sexy (One species attracts male bees by mimicking the look, scent and feel of a female bee) while others are secretive (it took scientists years to find a moth with a foot-long tongue for pollinating an orchid that hides nectar 12 inches deep).

The three-day Orchid Show highlights bold and beautiful horticultural innovations and feats of evolution represented by more than 50 orchid exhibitors and vendors from around the world. A highlight of this year's event is the vanilla orchid, which will add taste to the list of senses stimulated by the diverse array of plants.

Santa Barbara International Orchid Show is open Friday, March 17 through Sunday, March 19 from 9am to 5pm daily at Earl Warren Showgrounds, located in Santa Barbara at Highway 101 and Las Positas Road. General admission is \$14; seniors, students with ID and advance group sales (minimum 25) are \$12; and children 12 and under are free with an adult.
