

San Gabriel Valley *Orchid* Hobbyists

Bulletin

November Meeting
Monday, November 12, 2018
6:00 PM – Social
6:30 PM – Dinner

Our regular meetings are held on the 3rd Thursday of the month at
Los Angeles County Arboretum & Botanic Garden,
Lecture Hall, 301 North Baldwin Avenue, Arcadia

Annual Awards Pot Luck

Come celebrate a terrific year for the Society! Social hour will begin at 6 PM with dinner served at 6:30 PM. The Society will provide Honey Baked Ham as the main course, soda, and coffee. The society will also provide plates, cups, napkins, forks, spoons, etc. **Please bring a side dish to serve 10 – 12 people and beverages of your choice** (including wine, if you wish). Members bringing hot dishes are urged to bring a food warmer. Bring an orchid bouquet or small plant for your table decoration, this will add to the festivities.

Every membership will receive a nice plant. This month we will not have a guest speaker or plant judging. Instead, we are going to let members openly ask any questions they may have regarding plants, pest, etc.

Learn who the top winners were for the year's Plant Judging!

2019 Membership

Renew your membership now and receive your new 2019 Membership card. This card can be used at Yamada's for 10% off on any orchid related items.

The President's Message

This year is fast coming to an end, Halloween is here, and Thanksgiving just around the corner. For me November is always a great month for flowers, its cooled down a bit and all the fall bloomers are putting on quite a show.

Our banquet and awards presentation is coming up on the 12th, hope to see you all there for some good food and fun. Mark your calendars for the SBOE and Cal Orchids Open House on November 3rd & 4th.

Membership Welcome Message

We had 30 members in attendance at the October meeting.

Happy Thanksgiving

ADVERTISING IN THE BULLETIN

Anyone interested in advertising in the SGVOH Bulletin should contact **Jim Gomes** (626)818-1859 or jim.gomes@att.net for prices and information.

Bulletin Deadline: Those wishing to place announcements in the bulletin should get the information to the editor, **Jim Gomes** (626)818-1859 or jim.gomes@att.net, by the Friday following the fourth Thursday of the month.

IN NEED OF OFFICERS AND DIRECTORS

Volunteers Needed

The Board of Directors would like to thank all of our members for their continued support. 2019 is a new year and we need a full slate of officers. All positions need to be filled to run the society in an organized manner. Next year we would like to plan activities & tours but without great leadership and pre-planning these chores fall short. Talk to a board member if you have any questions. Please help our Society by Volunteering!!

Winter Rest for Dendrobiums

There is much confusion about orchids and which ones get a "winter rest"...even those of us with extensive collections and LOTS of research has found it a daunting question. If orchids originated from a location with very dry, cool winters, we try to mimic that habitat as well. As classified by Rebecca Tyson Northern, there are six groupings that describe the differences in growing needs of Dendrobiums. I am paraphrasing to avoid copyright infringement.

Type I (deciduous, so-called nobile type) intermediate to warm in summer, cool to cold in winter, full winter rest. Examples: D. nobile, D. chrysanthum, D. wardianum.

Type II (deciduous) intermediate to warm all year, full winter rest. Examples: D. speciosum, D. aggregatum, D. findlayanum, D. heterocarpum, D. superbum (anosmum), D. parishii, D. pierardii.

Type III (persistent) intermediate to warm summer, cool in winter, no winter rest - simply reduce water. Examples: D. densiflorum, D. fimbriatum, D. thyrsoflorum

Type IV (persistent) cool all year. Short suspension of water early autumn. Examples: D. bellatulum, D. secundum.

Type V (persistent) Intermediate all year. No rest. Examples: D. antelope and hybrids of type V and type VI.

Type VI (persistent) warm growing all year. Restrict water twice during year. Examples: D. phalaenopsis, D. bigibbum, D. superbiens.

Put these orchids on the side to rest and treat differently from Halloween through Valentine's Day. I use those holidays as a general guide...if I see lots of action in late January, I do sometimes bring them out of their rest earlier. As with everything orchids...there is no one exact set of rules...pay attention to your plants and they will tell you what they need. In September, I've started moving my winter rest orchids to their own rack, away from the other racks in the room to avoid any overspray. They are still getting misted at

the moment but it is a much lighter misting...and it will stop on Halloween. After that, the rack will get a very general light misting once every two weeks or so until Valentine's Day. They need a cooler temperature and little to no watering and no fertilizer at all.

This information was compiled from www.orchidboard.com threads.

New Judging Classification

Beginning with our December meeting we will be adding a new judging classification. The class will be called Mini-Vanaceous.

Happy Thanksgiving

UPCOMING EVENTS

November 17 - 18
Orchid Society of Santa Barbara
